Re: Educational Assistant – Supply List Opportunities

Dear Ms. Johnson,

Please find enclosed a copy of my resume which includes the three references required, including a current one, as well as a formal Privacy Release giving you permission to contact them.

I have found my avocation as well as my vocation in supporting those with special needs! The passion and heart I have for my work has generated very positive results in the positions I've had to date.

If there is anything else that you need, please just say the word. I look forward to next steps, and hopefully working with the Jefferson District Board.

Thank you so much,

Yours very truly,

Jenny Gough
